We're back at Canada's National Ballet School!

To celebrate, Medics Camp's 10th birthday, we're inviting one Toronto student between the ages of 6-12 who's curious about medical science to experience a week at our STEM-accredited Medics Camp program (downtown location).

Your child has a chance to explore medical science through age-based, hands-on activities—all on us.

If you win, you get to pick from:
